Ok. I need to understand what the data notes are from your last several emails to Dennis. New data or new analysis?
Scope of coverage? Source?

OK Rich sent me what he had but I'll do what we got from DEP and the citizens, but I just have from our involvement since November...when Mike D'Andrea pulled us in.

Karen - from meetings this morning, Shawn very much is interested in seeing a Chronology of what data we received when on Dimock and how it relates to the scope of the well issue there.

What coverage of pollutants and homes did we get in August? December? More recently? HSCD likely has the lead for this but asking for your help with this - thanks
